

## **Caverion renewed facility management contract with IZD Tower in Vienna, Austria**

Caverion Oyj Investor news 20 February 2014 at 11 a.m.

### **Caverion renewed facility management contract with IZD Tower in Vienna, Austria**

Caverion continues comprehensive facility management in IZD Tower with a new contract which total value is EUR 3 million. Caverion is thus continuing an already long-established partnership.

Located in the Donau City business district, the IZD Tower stands in the Austrian capital of Vienna. There is more than 60,000 m<sup>2</sup> of office space in 35 floors. In 2012, the IZD Tower was awarded US LEED EBOM Gold certification. The requirements placed on the operating company are thus accordingly high. And equally high are the demands placed regarding the facility management of the building.

"In IZD Tower systems competence alongside experience and expertise in energy efficiency are in significant role. This is something that Caverion is able to bring", says Caverion Österreich GmbH's Managing Director Manfred Simmet.
